About the FDP :

This FDP is designed to strengthen academic quality by equipping faculty members with the knowledge and skills essential for implementing Outcome Based Education(OBE). Aligned with its objectives, this FDP focuses on key educational reforms and contemporary assessment strategies that support well-defined and measurable learning outcomes. It provides comprehensive insights into restructuring higher education curricula using OBE principles, thereby enhancing the effectiveness of the teaching–learning process. Through discussions and practical approaches, this FDP aims to deepen faculty understanding of multidisciplinary and holistic education, Community Engagement, professional & leadership development, teacher’s evolving role, Practical Implementation and competency-based curriculum development required for quality education. Furthermore, it guides participants in evaluating learning outcomes and establishing continuous improvement mechanisms to ensure sustained academic excellence.

Objectives of the FDP :

- To discuss key educational reforms and guide faculty in designing contemporary assessment and evaluation methods aligned with Outcome Based Education.
- To provide insights into restructuring the higher education curriculum using OBE principles with well-defined teaching & learning capacity.
- To enhance faculty understanding of learning outcomes and their role in strengthening teaching–learning effectiveness within an OBE framework.
- To impart knowledge on the innovations and transformations required to implement OBE and promote quality, competency-based learning.
- To help faculty understand implementation challenges and best practices in OBE through Innovative Pedagogy & Practical Implementation and practical strategies.
- To equip participants with methods for evaluating learning outcomes and establishing continuous improvement processes for enhanced academic quality.

About the Organising Institutions :

At RBMI, we empower young minds to shape the future. Committed to global leadership in education, we maintain high academic standards, foster industry connections, and drive research. With campuses in Bareilly and Greater Noida, we offer diverse undergraduate and postgraduate courses. Recognized as the "Best Management College in Delhi NCR," we excel in placements and strive for excellence. Evolving courses to match industry trends, holding top-ranking status in North India per AIMA rankings (2006-2008), affiliating with prestigious universities, focusing on holistic development, providing rigorous industry training, offering seamless digitised student experiences, and implementing smart classes, RBMI is not just an institution, but a transformative journey toward academic & professional brilliance.

The Asian Research Foundation (ARF) is a globally-oriented, non-profit organization dedicated to advancing scientific knowledge, innovation, and interdisciplinary collaboration across borders. Founded on the principles of excellence, integrity, and inclusivity, the ARF serves as a platform for researchers, institutions, and policymakers to collaborate on solutions to the world's most pressing challenges.

Research Culture Society (RCS) is a Registered International Scientific Research Institute. Registered with several United or Government bodies. It is also an independent, autonomous, professional, non-profit international level organization.

Educational institutions, colleges, universities, schools, industries, companies and firms are welcome for Memorandum of Understanding (MoU / MoA / MoC collaboration – free to sign without any charge) for Academic Exchange, Knowledge Partner, Community Development programs and events with us. We are organizing, promoting educational events and professional events as well as publishing research work. We also invite sponsorship from the industries, corporates, institutions and government bodies.

Supported by : International Scientific Research Association and International SDG.
