About the organizing Institutions:

International Scientific Research Association is registered and an esteemed research association working on to provide scientific research services, educational studies and activities at international level, also coordinate with other research organizations for the educational research events. Scientific Research Association as honorary partner of the 'Research Culture Society' with MoU – collaboration.

Texas International College, which has been running excellently under Texas Int'l Education Network (2010), is a dynamic educational institution with academic programs in Science, Management, Law and Humanities with outstanding Board Results. Texas has been founded with a set of academicians and entrepreneurs to meet the rising demand for qualified and skilled manpower in the field of Science and Technology, Management along with Hotel Management and Humanities. Since its very inception, Texas remains as an invitation to learning by both theory and practice.

'Research Culture Society' (RCS) is a Government Registered **International Scientific Research organization**. Registered with several United or Government bodies. It is also an independent, professional, non-profit international level organization. RCS-ISRO shall also initiate and setting up new educational and research programs with other international organizations. Society has successfully organized 155+ conferences, seminars, symposiums and other educational programmes at national and international level in association with different educational institutions.

Supporting Institution:
Eurasian Institute of Science and Technology (EU) : Institute of Science & Technology is a self financed college, sponsored has been started in the year 2013 with a noble aim of imparting technical education. The institution enables them to be placed as the best professionals in industries and make them enter into high level programs with competence and confidence. Institute trains specialists in Physical Science, Life Science and Computer Science. Eurasian University is an institution of the central region of EU, for qualified personnel training in science, engineering, technology, management, law, education and research specializations.

Other Institute / University/ Company can Join as a Co-Organizer or supporter or co-sponsor.

Objective of the International Conference: is to bring together innovative academics, researchers and industrial experts in the field of Scientific, Multidisciplinary Innovation Studies in Academic Research to a common platform. Another goal is to promote scientific information interchange between researchers, academicians, students and practitioners working in conference country and abroad. The main aim of the conference is to provide a interaction stage for researchers and practitioners from academia and industries to deal with state-of-the-art advancement in their respective fields. The conference will be held in regular interval to make it an ideal stage for people to share views as per themes and scope of conference.
