## About the organizing Institutions:

**Institute of Educational Technology** : Education department trains specialists in Social Sciences, Humanities, Digital Studies, and Business Development Studies. The main educational and scientific areas are as per given Tracks mentioned here.

**Eurasian University** is one of the largest education institutions of the central region of EU, for qualified personnel training in metallurgical, mining, engineering and technological specializations. Scientific subjects performed by the university aimed to increasing the efficiency of production and control processes, power saving and environmental protection.

**Unicaf University**, through its partner universities, offers Bachelor, Master's and Doctoral degrees in partnership with UK, US and African universities. Current partnerships include Liverpool John Moores University (UK), the University of East London (UK), the University of Suffolk (UK), and Unicaf University which is a pan-African university with local and British accreditation. In addition to the fully online degrees, Unicaf through Unicaf University offers a range of academic programmes through its campus network. Besides online and on-campus studies, Unicaf provides a wide range of professional short courses.

**'Research Culture Society'** is a Government Registered Scientific Research organization. Society is working for research community at National and International level to impart quality and non-profitable services. Society has successfully organized 100+ conferences, seminars, symposiums and other educational programmes at national and international level in association with different educational institutions.

**'Scientific Research Association'** (Scientific Research Organization) is an esteemed research organization working on to promote scientific research studies, activities at international level, also coordinate with other research organizations for the educational research events.

**Objective of the International Conference:** is to bring together innovative academics, researchers and industrial experts in the field of Multidisciplinary Innovation Studies in Academic Research to a common platform. The primary goal of the conference is to promote research and developmental activities in Multidisciplinary Innovation Studies and Research. Another goal is to promote scientific information interchange between researchers, academicians, students and practitioners working in conference country and abroad. The conference will be held in regular interval to make it an ideal stage for people to share views as per themes and scope of conference.
