Affiliated to Shri Govind Guru University, Guj, India
(Government University)

National Level
One week (5 Days) online
Faculty Development Programme
on
ICT tools for Online Teaching and Assessment

As per UGC APA score consideration Guidelines

Date & Timing:
23rd to 27th June, 2020
5:30 to 7:00 PM

About the FDP :

In recent years technology becomes more and more embedded in our culture, there is a need to provide learners with relevant and contemporary experiences that allow them to successfully engage with technology and prepare them for life after acquiring their education, Online Teaching and Learning refers to learning models that combine traditional classroom practice with e-learning solutions. For example, students in a traditional class can be assigned both print-based and online materials. They have online mentoring sessions with their teacher through various ICT tools available at ease. Instead, consideration must be given to the subject matter, the learning objectives and outcomes, the characteristics of the learners, and the learning context in order to arrive at the optimum mix of instructional and delivery methods.

Objectives :

- To encourage teachers to think about an increased use of ICT tools in teaching, and to inspire them on where and how to use these tools is the main idea of this FDP on ICT.
- To build an Ideal Classroom for the 21st Century and develop curriculum materials for different ages to foster deep understanding.

Resource Person:

Dr. V. R. Malkar
Professor & Head, Sanjivani College of Engineering, SP Pune University, MH, India

Organizing Committee:

Dr. Bhavinbhai Patel,
Principal, Sanskar B.Ed College.
Dr. C. M. Patel,
Director, Research Culture Society.
